Mr. John Farace
Dad's Club, Inc.
15263 Hook Blvd., Suite B-120
Victorville, CA 92394

Dear Mr. Farace:

I would like to extend my congratulations on the outstanding success the Dad's Club Program has had on this area. It is an admirable organization, and has proven extremely beneficial to the lives you have touched.

Dad's Club has helped many fathers establish successful relationships between fathers and kids by providing programs and activities that encourage a loving and meaningful relationship between fathers and their children. Your organization is to be commended in providing a service so badly needed in this day and age. By providing resources and opportunities that create a positive environment between dad's and children you are giving both groups a chance to leave healthy and productive lives, and be contributing members of society.

Again, thank you for the difference Dad's Club has made in this community.

Very truly yours,

RAYMOND N. HAYNES
